

## 1 - Identification

Product name Shea Butter  
Product number  
Brand  
Address Ingredients To Die For, 155 Blue Dr, Searcy, AR 72143  
Phone 512-535-2711  
Emergency Contact Chemtrec Emergency Hl 800-494-9300

## 2 - Hazard(s) Identification

General hazard statement No human health hazards expected when used under normal conditions.  
Classification of the substance or mixture  
GHS classification in accordance with:  
OSHA (29 CFR 1910.1200) Not a hazardous substance or mixture  
GHS label elements, including  
precautionary statements Not a hazardous substance or mixture

## 3 - Composition/Information on Ingredients

Mixtures  
Components  
1. Shea Butter  
Concentration 100 % (weight)  
EC no. 293-515-7  
CAS no. 91080-23-8

## 4 - First-Aid Measures

Description of necessary first-aid measures  
If inhaled If breathing becomes difficult, remove victim to fresh air. If necessary, use artificial respiration to support vital functions. Seek medical attention.  
In case of skin contact Wash skin thoroughly with soap and water after handling. Seek medical attention if irritation develops and persists.  
In case of eye contact If product enters eyes, flush with plenty of water or eye wash solution for several minutes. Seek medical attention if irritation persists.

**State of the Art Ingredients \* Fast Friendly Service**

If swallowed

If product is swallowed, call physician or poison center if you feel unwell. If professional advice is not available, do not induce vomiting. Never induce vomiting or give diluents (milk or water) to someone who is unconscious, having convulsions, or who cannot swallow. Seek medical advice. Take a copy of the label and/or SDS with the victim to the health professional.

## 5 - Fire-Fighting Measures

Suitable extinguishing media

Foam, Halon, carbon dioxide, dry chemical. Do not use water.

Special protective actions for fire-fighters

Fire responders should wear eye protection. Treat as oil fire. Isolate materials not yet involved in the fire and protect personnel. Move containers from fire area if this can be done without risk; otherwise, cool with carefully applied water spray.

## 6 - Accidental Release Measures

Personal precautions, protective equipment and emergency procedures

Use cautious judgment when cleaning up spill. Wear suitable protective clothing, gloves, and eye/face protection.

Environmental precautions

Contain and collect spillage as per local regulations. Keep out of drinking water supplies, sewers, storm drains, surface waters, and soils.

Methods and materials for containment and cleaning up

Collect material via cloth or sawdust. Wash away with water and clean with sodic products.

## 7 - Handling and Storage

Precautions for safe handling

No specific recommendations

Conditions for safe storage, including any incompatibilities

Keep in a cool place. Store in the original full closed drum or container to prevent over oxidation.

## 8 - Exposure Controls/Personal Protection

|   |   |
|---|---|
| Appropriate engineering controls  | Use with adequate ventilation to ensure exposure levels are maintained below the limits provided above.   |
| Individual protection measures, such as personal protective equipment (PPE) |   |
| Eye/face protection   | Safety glasses or goggles are recommended. If necessary, refer to U.S. OSHA 29 CFR 1910.133, Canadian Standards, and the European Standard EN166, Australian Standards, or relevant Japanese Standards.                         |
| Skin protection   | Chemical resistant gloves are recommended to prevent skin contact. If necessary, refer to U.S. OSHA 29 CFR 1910.133, Canadian Standards, and the European Standard EN166, Australian Standards, or relevant Japanese Standards. |
| Body protection   | Use body protect appropriate to task being performed.   |
| Respiratory protection  | Not required for properly ventilated areas. Maintain airborne containment concentrations below guidelines listed above, if applicable. If necessary, use only respiratory protection authorized in the U.S.                     |

## 9 - Physical and Chemical Properties

Information on basic physical and chemical properties

Appearance/form (physical state, color, etc.) Creamy white ivory solid

Odor Light fatty

Odor threshold

pH

Melting point/freezing point 40-45 C

Initial boiling point and boiling range

Flash point 230 C

Evaporation rate

Flammability (solid, gas)

Upper/lower flammability limits

Vapor pressure

Vapor density

Relative density 0.89

Solubility(ies) Slightly soluble in ethanol (96%) miscible with light petroleum

Partition coefficient: n-octanol /water

Auto-ignition temperature

Decomposition temprature

Viscosity

Explosive properties

Oxidizing properties

## 10 - Stability and Reactivity

Reactivity This product is not reactive.

Chemical stability Stable under conditions of normal storage and use.

Possibility of hazardous reactions Will not occur under conditions of normal storage and use.

Conditions to avoid Avoid temperatures over 60 C (cosmetic use), light and oxygen of the ambient air: degradation and oxidation of the substance.

Incompatible materials No specific data available on this product.

## 11 - Toxicological Information

Information on toxicological effects

Acute toxicity No specific data available on this product as it is non-toxic.

## 12 - Ecological Information

Toxicity READILY BIODEGRADABLE

Bioaccumulative potential Low

Mobility in soil None

## 13 - Disposal Considerations

Disposal of the product Waste disposal must be in accordance with appropriate U.S. Federal, State, and local regulations, those of Canada, Australia, EU Member States and Japan.

## 14 - Transport Information

DOT (US) Non-regulated material

IMDG Non-regulated material

IATA Non-regulated material

## 15 - Regulatory Information

Chemical Safety Assessment Non-regulated material

## 16 - Other Information

Date of issue: 04/24/19

Date of revision: 06/12/19

### DISCLAIMER

Technical information and suggestions for use including any formulations and / or procedures are believed to be correct. However this does not constitute a guarantee of the accuracy of the information contained herein and confirming tests in your own laboratory or facility are recommended.

No statement or suggestion of use should be construed as a recommendation or inducement to violate any patent rights and no patent liability may be assumed.

The information contained in this Certificate of Analysis and Material Safety Data Sheet are obtained
